

BUSINESS CONTINUITY

Protection for When You Need it Most

If you have critical business processes and infrastructure, Interactive can tailor a Business Continuity solution that protects the things that matter most.

RAPID RECOVERY

Rapid recovery of business systems and redeployment of people in the event of a disaster are essential components of any risk management strategy. With today's emphasis on corporate governance and compliance, a tested and proven Business Continuity plan is a fundamental requirement.

DATA CENTRE

We can provide multi-subscriber or dedicated IT infrastructure solutions from individual systems all the way up to complete business platform recovery. We can tailor an RTO and RPO that best meets your needs.

RISK MANAGEMENT

Interactive uses risk-analysis software to evaluate each and every customer, helping to manage and mitigate risk. This risk assessment considers location, power grids, flood plains and communication links. We assist customers to get back to business with the minimum amount of impact.

FAST FACTS

- Australia's largest provider of Business Continuity Services
- Modern, secure, highly available & resilient facilities
- Staffed 24 hours a day, seven days a week
- Close to public transport with onsite parking

1800 INTERACTIVE

Interactive offered the best facilities we'd seen by far; it's a relief to know they are well-equipped to support our business and relocate our IT team in an emergency.

IT Manager, Trilby Misso Lawyers

OFFICE RECOVERY

Interactive has more than 1,500+ multi-subscriber and dedicated workstations nationally. We have standardised desktop and PABX infrastructure with sophisticated software deployment technology to ensure your systems are ready when needed.

COMMUNICATIONS

Interactive Business Continuity centres are carrier neutral. We have connectivity from providers including Telstra, Optus, Uecomm, AAPT, AT&T, Nextgen, Pipe, Macquarie, Verizon and Vocus.

PREMIUM FACILITIES

Our Business Continuity centres are people friendly. Facilities include private suites and meeting rooms, breakout and meal areas, car parking and public transport access; all in a friendly and modern environment.

MANAGED REPLICATION

Interactive can tailor fully managed cloud server and data replication services for improved RTO. We can manage everything for you, which delivers the ultimate in peace of mind.

COMPLIANCE

Our Business Continuity services comply with Australian and International standards. We are ISO 9001 quality and ISO 27001 security information accredited.

INCLUSIONS

Our monthly subscription model eliminates costly set-up fees and is inclusive of mandatory annual testing days. In the event of a disaster there is a simple declaration fee.

ACCOUNT EXECUTIVE

With your dedicated account executive and technical support team, we will assist you in planning for the future to ensure the ongoing recoverability of your critical systems and processes.

Protecting critical business functions and providing a secure managed facility for your staff in the event of a disaster.
